New Product Release!

Order by Jan 19

The renewal of your favorite OD item!

Adjustable aluminum suspension mount Type-2 with wider adjustments!!

Introducing the adjustable aluminum suspension mount Type-2. Doubled width with range of 0-8 degree made finer toe angle adjustments possible. Combining with the step adjustment system created greater accuracy and reproducible adjustments. The pivot ball height is same as other OD aluminum suspension mounts (except for XEX). The colors are purple, red and black. Attention: This item is not compatible with XEX series.

●OD2480~2 Adjustable Aluminum Suspension Mount Type-2 (For OD) 7,800 JPY    

Will be shipped in early April. 2018
